

Professional Cleaners of Fine Fabrics, Rugs, Carpets and Floors

We Are Looking Forward to Providing You with the Most Outstanding Service Experience Ever!

HERE'S WHAT YOU CAN DO TO PREPARE...

Dear Client,

Thank you for ordering service from Carolina Carpet Cleaning. We are looking forward to putting our REPUTATION, EXPERIENCE, and our cleaning SYSTEMS to work for you. Remember that we offer a 100% money back guarantee, so you will not be disappointed.

What to do in preparation for your cleaning job...

Please remove nick-nacks and breakables. Our regular pricing structure includes moving sofas, chairs, tables, and things of that nature. Heavier pieces such as beds, dressers, and entertainment centers are left in place under our regular pricing structure.

Please make arrangements for children and pets to be away from the work area. Keep children and pets off carpet for at least 6 hours or until dry to the touch. Keep off treated hard surface floors and upholstery overnight. PARKING: We will ask permission before parking in the driveway. We CANNOT operate our machine in a garage or carport as the truck-mounted equipment is gasoline powered.

Did You Order Protector for Your Floor or Fabric?

If you did not discuss protector with our representative, we highly recommend that you at least learn about the benefits. Your floors and fabrics WILL NOT LAST AS LONG, and WILL NOT LOOK AS GOOD over time when not protected.

This is NOT just an attempt to get you to spend more money. We really believe in it. If you are having your carpet cleaned, get carpet protector. If you are having upholstery cleaned, get fabric protector. If you are having stone or tile and grout cleaned, be sure to get it sealed. We use a "breathable" sealer that penetrates below the surface.

[For more information on carpet protector, click here.](#)
